Your workforce for tomorrow

Have you considered employing an Apprentice in Early Years and Childcare or in the Health and Social Care Sector?

Funding may be available to train and upskill a new generation.

What is an Apprenticeship?

Apprenticeships are a system of inspiring a new generation of 16–24 year olds to join the sector, offering you as an employer support with funding these costs.

An Apprenticeship is a combination of on and off-the-job education and training, is practical, and a cost-effective way to recruit and train new staff.

Your commitment

- To pay the apprentice’s wage (funding available).
- To ensure the ‘off-the-job’ training is given as paid learning.
- To ensure that the ‘on-the-job’ training provides opportunities to learn and develop.
- To work with the learning provider to select the knowledge and skills most suited to the apprentice and to your organisation.
